“

“If I have seen further than others, it is by standing upon the shoulders of giants.”

Isaac Newton

Our MD's Message

NGC started off as a warehouse and today we are Nafees Group of Companies. We are committed and passionate, all the things one must endeavour for success.

How can success be measured? We can look back where we came from and where we are now. Evolving is also success. If I look back over the last 30 years, I see in the future.

With a vision that was and is at times daring, I look to inspire my team and motivate them and take risks. on a path less travelled. But, it is by standing on my father's shoulder that I have been able to stand from where I am today.

One day, I aim to be the giant for the next generation to follow to continue a vision which makes NGC a force in our industry.

Murtaza Kagalwala
Managing Director

History

The business was formed 3 decades ago, and it has seen a number of changes and development over this time. This, of course, is natural with any business spanning this time frame.

The goal was and has always been about commitment - commitment to our products, commitment to our customers and commitment to our team.

The residential market has always been our fate, however in order to cater for the need at the time in 2008, we started to direct our focus towards the commercial market. Until today we continue to do so and look forward to a complete solution for the hospitality sector for the walls, floors, and fabrics.

NGC Middle East

is established to cater for the increased demand for commercial products

NGC Flagship Showroom, Dubai

A critical step forward for the NGC brand

Nafees

is established as a retail outlet for residential wallpaper

Commercial Projects

NGC wins multiple key commercial projects within first year

A creative studio for
designing and
manufacturing high
quality wallpaper for the
residential market

NGC Nafees Walls Floors Fabrics

A strong portfolio of
Flooring and Fabric
products gets added to
compliment NGCs'
wallpaper lines

“

“Great things in business are never done by one person; they're done by a team of people.”

Steve Jobs

Meet Our Team

We started and remain a true family business. Our beginnings are very humble. The first generation of this business never travelled to Europe or America or anywhere related to the brands that we represent today.

Our ethical values combine the rules of traditional business development, alongside a long term vision built on loyalty and respect for customers and partners. This is true for our team. These values follow and trickle down from the top level of the management team all the way to all levels of our company.

Our vision always remained the same. We have cultivated an open door policy and, ironically, “without walls” attitude which reflects on our team and who we are today.

CUSTOMS

These wallpapers are tailor made to individual requirements. With the most advanced development in printing of wallcoverings, custom wallpaper can be printed to any size and every design imaginable.

Floors

CARPET TILES

Carpet tiles, also known as modular carpets or square carpets, are just as popular as any other flooring option for commercial environments. Commonly seen in office spaces to create a more comfortable indoor working environment carpet tiles come in the following sizes; 50x50cm & 25x100cm (also known as planks). With low wastage upon installation and requiring less maintenance costs, carpet tiles are an easy and quick solution for less complicated projects.

AXMINSTER

Axminster carpets are woven on looms that offer unique flexibilities in colours and design. This weaving technique is the weave of choice for pattern definition - perfect for creating complex and intricate designs. The axminster carpet's integrated three-dimensional structure creates a strong, durable floor covering which suits best in the highest use areas of the home.

RUGS

Rugs can be used to draw attention to an important piece of furniture, such as a coffee table, sofa or dining table. Our rugs are fully customizable from; shape, size, material and color to custom options for backings and borders.

VM Carpet®

VINYL

Commercial vinyl flooring is a durable flooring material made from a combination of natural and synthetic polymer materials. It's found everywhere from hotel lobbies and office foyers to schools and hospitals. Choosing the type of commercial vinyl flooring best-suited for your application depends on several factors including lifetime cost, design preferences and length of time you intend to use the product.

Fabrics

RESIDENTIAL

Our home decor fabrics come in wide variety of prints and styles from to international manufacturers. We have fabrics for different types of applications, from rapery and upholstery to toweling and outdoor fabrics.

SEDAR

A vibrant, dense wall of various green plants, including ferns and succulents, with some small orange and pink flowers. In the foreground, a white cushion and a large orange pillow are visible, suggesting an outdoor seating area. The text "CORPORATE SOCIAL RESPONSIBILITY." is overlaid on the orange pillow.

CORPORATE SOCIAL
RESPONSIBILITY.

SUSTAINABILITY

We are proud to be an eco-friendly company promoting sustainability through the products that we offer.

As part of our commitment to a sustainable interior environment, we offer only eco-friendly walls, floors, and fabrics. We go beyond offering wallpapers inspired by nature. We source products that make a positive impact on the environment.

Our portfolio consists of responsibly sourced products that are made from green materials such as leaves, sand, grass, glass beads, and cork. We only offer wallpapers that are low on VOC and printed with water-based ink. Other than this, we ensure that the products that we offer are manufactured with reduced operational energy.
