

**First Forward**  
**First Straightline**  
**First Streamline**  
**First Decode**  
**First Define**

Since our inception, the First collection has been a true evergreen that has now been reengineered and revamped. Developed to bring the ideal combination of design, performance and value, the collection consists of 5 loop-pile carpet tile ranges that can be used on their own or mixed & matched into exciting floor layouts.

By using our in-house yarn, we created a series of patterns that use colour to provide co-ordination and balanced contrast. From laying a foundation with First Forward to marking out zones with the linear designs of First Straightline, First Streamline and First Decode and the flowing pattern of First Define; it's a collection that delivers effortless versatility at favourable price point.

## First Forward

### About

First Forward is a loop pile carpet tile that brings you a wealth of on-trend mix&match possibilities at a competitive price level. With a revamped design, an increased wear-resistance and our own in-house yarn, we took (y)our evergreen 'First' to a whole other level. Thanks to its effortless elegance, First Forward is the perfect solution for any commercial interior.

First Forward is made with in-house yarn, which allowed us to create our own, unique colour palette. First Forward is yet another example of modulyss' design identity and the technological synergies within the Balta Group.

First Straightline 140, 144, First Forward 543, 817

## Colour palette

When it comes to design, there's no single element more impactful than colour. That's why First Forward offers a wide range of 27 colours – including classy neutrals, calming nature-inspired palettes and some bold funky shades.

# 25

## First Straightline

### About

Building on the solid base of First Forward and designed to mix&match flawlessly, First Straightline adds a contrasting pinstripe to the First collection at a competitive price level.

First Straightline's linear pattern is soft and refined. Whether you prefer a tone-on-tone design or a pop of colour with contrasting accent stripes, First Straightline translates the innate stylishness of the classic pinstripe into a timeless flooring design.

First Straightline 140, 144, First Forward 543, 817

## Colour palette

First Straightline delivers 22 colour combinations. Driven by 4 classy bases in blue, beige, grey and black, you can create subtle tonal combinations or power up the design with brightly coloured stripes that come and go.

# 26

## First Streamline

### About

The multi-striped design of First Streamline adds soft linear contrast to your flooring design, whilst also creating a sophisticated knitted effect. A perfect addition to the First collection at a competitive price level.

Besides being an ideal match for First Forward, the precise loop pile construction of First Streamline can also be mixed&matched with a selection of colours of Motion///Vision for playful colour gradients. A fabulous way to add flow and a pace to layouts, First Streamline lets creativity shine through.

First Streamline 578, Motion 578, Vision 578

## Colour palette

Ranging through a palette of 14 colour combinations starting at classy neutrals like grey and beige to playful and upbeat tones of red, yellow and orange; First Streamline reveals an impactful linear design that never feels brash.

# 27

---

## First Decode

---

### About

Moving from light to dark and from thin to thicker lines, First Decode offers a gradient-like barcode effect for any commercial space. Developed with in-house yarn, this tech-looking design offers an outstanding loop pile at a competitive price level.

First Decode 957, 965

## Colour palette

With assured neutrals in black, blue, beige and grey through to bright accents of yellow, orange and green; First Decode's distinct pattern is available in a total of 11 colours.

# 28

---

## First Define

---

### About

The randomised texture of concrete is mimicked in the expressive pattern of First Define, a refined design of the First collection. Made from our in-house yarn and at a competitive price level, this precision loop pile pattern is a great way to bring elegant restfulness across commercial interiors.

Alongside the more linear patterns found in the First collection, First Define adds a flowing design to the series.

First Define 914, First Forward 820, 149

## Colour palette

Available in 11 colours, First Define's colour palette includes tones of grey, beige, blue and black to bright and bold reds, yellows, oranges and greens.
