ABOUT THE BRAND

LINCRUSTA®

The Ultimate Wallcovering Since 1877

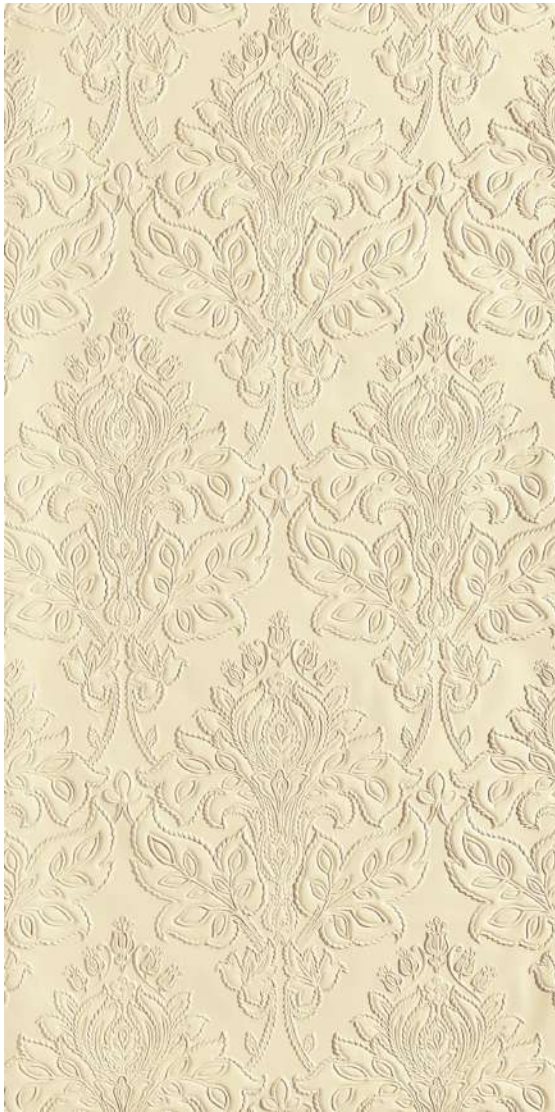

Manufactured since 1877, Lincrusta is still highly desired and admired across the world. We've long understood what it takes to create a lasting impression. And not long after launching in Britain, the appeal of Lincrusta's wallcoverings soon spread across the globe. This has made Lincrusta a great British success story where skills and craft have stood the test of time. Today, Lincrusta is still made exclusively in the UK and they continue to enhance the interiors of the most desirable addresses the world over.
