

TECHNICAL DATA SHEET

KIDS WORLD II

Material

- **Material type: Non-woven (vinyl-free / fibrous backing)** — easy to handle and hang, dimensionally stable, and durable.

Roll Dimensions

- **Width: ~0.53 m (53 cm)** standard across the collection.
- **Length: ~10.05 m** per roll.

Pattern & Repeat

- **Pattern match:** Offset pattern match (half-drop/offset typical).
- **Pattern repeat (rapport):** Commonly **~26.5 cm** (some designs may vary slightly by motif).

Design Characteristics

- **Style:** Playful children's themes with animals, balloons, aeroplanes, nature elements, and imaginative motifs in **soft pastel or natural colour palettes** tailored to nurseries and children's bedrooms.

Recommended Use

- **Intended for: Children's rooms, nurseries, play areas** — creates a calm, imaginative interior.

Application & Performance

- **Installation: Paste-the-wall / non-woven application** (paste applied to wall, not roll).
- **Ease of use:** Easy to hang and reposition during installation — well-suited for DIY or professional hangers.
- **Durability:** Generally **durable and resilient**, sustaining colours and surface quality in children's settings.
- **Care:** Designs typically offer **washable / wipe-able surfaces**

Weight

- **Typical roll weight:** Around **0.79 – 0.81 kg** (varies slightly by print design).

Additional Notes

- **Colour & motif variations:** Individual wallpapers in the *Kids World II* collection may differ in pattern details, motif sizes, and exact pattern repeat; always consult the specific product datasheet when planning installation.
