Installation Instructions

- Hang first strip within 12 min to a plumb line, overlapping ceiling/baseboard.
- Smooth from center out using a stiff brush or plastic smoother (light pressure).
- Trim top and bottom with a sharp blade.
- Butt seams for matched patterns.
- For non-matching or free designs, overlap 2-3 inches and double-cut with a backing strip.
- Clean excess paste immediately with a damp sponge; dry with a lint-free cloth.
- Keep vertical seams at least 6 inches from corners.
- Avoid narrow strips above or below openings.
- After installation, check for moisture or vapor infiltration and correct promptly.
